Subject: Invitation for The 7th EMS ASIA 2025, Thailand

Dear Respected Medical and Academic Leaders,

On behalf of the Thai College of Emergency Physicians and the Organizing Committee, I am delighted to extend an invitation to participate in The 7th EMS ASIA 2025, which will be held **from 18 to 20 February 2025** at the Sheraton Hua Hin Resort & Spa in Phetchaburi, Thailand.

The 7th EMS Asia conference is designed to address the challenges and opportunities in emergency medical services across Asia. Our goal is to bridge the gaps in EMS practices, foster collaboration among professionals, and showcase the latest advancements in the field. The program will cover hands-on and discussion based on the pre-conference workshops on the first day. Additionally, we are holding an EMS Rally Competition that aims to reflect both technical and non-technical knowledge in an engaging and enjoyable setting. The following two days will feature a comprehensive scientific program, including interactive sessions, oral and poster presentations, lectures, and more—all under the theme of **Advancing EMS Across Asia**.

The early bird opens for all **until December this year**. The fee covers many types such as member and non-member prices. Please note that participants are responsible for their own expenses including travel, accommodation, and personal costs throughout the duration of the conference.

We sincerely appreciate your kind contribution and participation in our upcoming EMS ASIA 2025. We kindly look forward to welcoming you in a warm and friendly environment in Thailand during the conference.

For more details, please visit our website www.emsasia2025.com

Yours sincerely,

Tija Chakorn, M.D.,

Chairperson, EMS ASIA 2025
